Hi Gleb

Hope you are well, thank you for getting back to us. Of course you can use our photos for advertising and to establish your new business, if you require any photos please don't hesitate to ask.

Because these are vintage scooters and our customers want to keep it original for registration purposes the oil mixture is manually entered. Our parts warranty covers the parts to be sent to you after we have checked the faulty parts by seeing photos sent by yourself or your customers. The parts warranty starts from the day you receive your scooter from the port of delivery. The shipping price is charged per cubic meter and the scooters are 1.5 cubic meters at \$380 per scooter. You will receive a further discount for shipping a container and a further discount for the scooter for an order of 18 scooters which will fit into a 20ft container as well as you saving customs clearing fees when you receive the container rather than clearing each scooter.

All our scooters are registered in Vietnam and with each scooter you will receive a police de-registered certificate as proof of each scooter for clearance and registration when you receive them. All documents will indicate the engine and frame numbers for check for their originality.

We can offer you trade prices for your first order of 2 Vespa's with accessories and in our best interest to help you start your scooter business because in return we will help us.

Our bank details can be found on our website. After you have emailed us the scooters, order we can in return email you a pro-forma invoice on the total price including shipping and e.t.a you can transfer funds via swift money transfer with our bank details that can be found on our retail website

www.vespaxporter.com

Cheers

Le
